Reference: 30 Day Post-General Report (10/19/06 11/27/06)

Dear Ms. Trainer:

This correspondence is in response to your Request for Additional Information (RFAI) for the above referenced report. We have amended our report with the following corrections.

Regarding Schedule B for Line 22, the committee name reported on 2 of the transfers we submitted was wrong. Our data entry staff mistyped the id of the committee by 1 key and inadvertently indicated the wrong name. This can happen in spite of our best efforts to enter this information correctly and review our filing before submitting.

Regarding Schedule E supporting Line 24, we have amended the form to include the election designations. Unfortunately, the report validation test supplied by the FEC for our use does not test for the accuracy of this information. You brought the omission to our attention while reviewing our October Monthly report. Since you brought this to our attention, our computer program has been updated to correctly report the election code. All subsequent filings of this type of information will be correctly reported.

The documentation for completing Schedule C-1 is difficult to interpret for a line-of-credit. We now understand your requirement for the "Date Incurred" to imply the date the original loan agreement was established. Our confusion arose because the documentation is primarily written to accommodate a loan and we have needed to interpret it for use in reporting a line-of-credit. The date has been corrected.

I trust this response answers your inquiry. Please note, no monetary information was changed in clearing up these matters. If you need further clarification please do not hesitate to contact me.

Sincerely,

Pat Huyck
Director of Accounting
